## **FlexBox** The storage system that grows with you

Life within four walls. What's great about it: They're flexible. Do whatever you want with them. On top of each other. Next to each other, behind each other. With a flick of the wrist, modules can be fitted together or moved apart, combined in different configurations. Transform trolleys into shelves. Convert room partitions into enclosed cabinets. Can your four walls do that too?

C3503

## An infinitely flexible system

Not a mathematical equation for the Nobel Prize, but a prize-winning furniture concept. High-quality materials, well thought-out modular principle and incredible extension possibilities. Personalised configuration, depending on usage. All within four walls. And because no-one knows what the future holds, FlexBox prepares you for everything.

**Mobile FlexBox.** Make your (business) life easier by taking it with you. So simple, so universal. The dimensions of the small FlexBox (400 x 400 x 400mm) are an ideal size. FlexBox also comes in bigger sizes: 800 x 400 x 400mm. Discover all the possibilities?

Yesterday

Today

Tomorrow

**Innovation Award Architecture and Office.** The magazine AIT, awarded FlexBox the innovation award for architecture and office in the category, products of architectural quality, during Orgatec 2004.

## FlexBox looking for contact

**Seat box instead of a tray.** Take a box break with comfy seat cushions. For smart, fun and dynamic posture changes in the workplace.

C7633

## FlexBox as a room partition

A room inside a room. A FlexBox for everyone. Can be used from both sides, looks good all round, unarguably multifaceted. Cuts a dazzling form in the office. Separates and screens, stores and tidies, it simply fits in. Not just a flexible piece of furniture, but a firm storage statement. For offices that have more than four walls!

## FlexBox makes the world more colorful and interesting

One idea, two designs, a number of variations. Completely flexible, meaning "with castors" or "feet". Trendy materials: pure, natural, tasteful. Every FlexBox is versatile, with push-in flap, file frame, single or double drawer. One thing remains a constant throughout: The sleek handle. Where you choose to place it simply depends on box combination and good taste.

## FlexBox as a complete office

Choose your favorite combination. You will always end up with a complete office. Storage space on both a large and a small scale. Ready-to-use open shelving landscapes. Clear and functional wall storage. Convertible in an instant. FlexBox is so quick and easy to assemble that it effortlessly keeps up with your needs. No tools, just a flick of the wrist!

C7563

## FlexBox grows with you and your business

Creates space where there was none before. FlexBox on castors in any configuration, depending on usage.

Open or closed. Flap doesn't stay out, but is pushed back in.

FlexBox for maximum office space in minimum room space. All that a workstation needs.

One equals none. That's why we've made many. A host of variations for many demanding users.

B0230

Tidiness makes up half of life. FlexBox occupies the other half.

B0231

Highboard. Between heaven and earth. For those who want to keep all their options open.

B0232

All-inclusive in FlexBox price. Stress-free storage. All year round.

## Sustainability

### Life cycle

During our product development process we consider each stage of the life cycle: from materials extraction, production, transport, use and reuse, until the end of its life.

### Certifications

To show continuous improvements, we communicate Flexbox environmental performance through voluntary environmental labels and declarations. Sustainability related actions and results are communicated in the annual Steelcase Corporate Responsibility report.

### Product

Blauer Engel

Indoor Advantage

### Materials

PEFC - Programme for the Endorsement of Forest Certification

E1 - Low concentration of formaldehyde in wood

### Plants

ISO 14001 - Environmental management system

EMAS - European Eco-Management and Audit Scheme
